## PROJECTS

- **ChatBot ( SkyCast )**  
I have developed a accurate and real-time weather forecasting, demonstrating proficiency in API integration and data processing for practical applications.  
**Duration : 1 Month**  
**Technology Used :** Python , Flask , Open Weather API.  
**Preview :** [skycastweather.pythonanywhere.com](https://skycastweather.pythonanywhere.com)
- **ChatApp ( ChatNow )**  
I have developed a real-time chat application gaining hands-on experience in building responsive and interactive web applications while expanding knowledge in asynchronous programming and communication protocols.  
**Duration : 1 Month**  
**Technology Used :** Python , Flask , Django ( Channels , In Memory Management ).  
**Preview :** [chatnow.pythonanywhere.com](https://chatnow.pythonanywhere.com)

- **Blogging WebApp ( StoryTeller )**

I have developed a dynamic blogging web application for daily content posting, showcasing strong programming and web development skills while focusing on user engagement and efficient content management.

**Duration : 2 Month**

**Technology Used :** Python , Django , JavaScript , Bootstrap.

**Preview :** [storyteller.pythonanywhere.com](http://storyteller.pythonanywhere.com)

- **Youtube Clone ( FreeTube )**

I have developed a YouTube clone that delivers a user-friendly platform, replicating the video-sharing experience with enhanced features. I successfully implemented advanced functionalities, ensuring a seamless process for uploading, sharing, and discovering content.

**Duration : 2 Month**

**Technology Used :** Javascript , Tailwindcss , React , Redux , Youtube API , Auth0 , Firebase

**Preview :** <https://freetubeapp.netlify.app/>

- **E-Commerce WebApp ( ShopNow )**

I have developed an e-commerce application, gaining hands-on experience in Redux Toolkit for state management and data handling, thereby enhancing my expertise in modern web development practices.

**Duration : 1 Month**

**Technology Used :** JavaScript , ReactJs , Redux , Tailwind Css , Fake Store API.

**Preview :** [shopnowstore.netlify.app](http://shopnowstore.netlify.app)

---

## INTERNSHIPS

- **Web Development Intern**

PRODIGY INFOTECH

08/2023 - 09/2023

Nagpur

- **AI ML Virtual Internship**

AWS Academy & EduSkills

05/2023 - 07/2023

Nagpur

- **Python Intern**

CRESCENTWEB TECHNOLOGY

10/2021 - 03/2022

Nagpur

---

## EXTRACURRICULAR ACTIVITIES

- **SPARK 2023**

I actively participated in the National Conference SPARK 2023, which was a special event during RTMNU's centenary celebration. During the conference.

- **Flipkart Grid**

I actively Participated in the Flipkart Grid competition and made it to the second round. It was a tough competition by Flipkart.

- **Inter-College Coding Competition**

I actively Participated in the inter-college coding competition "CodeFiesta" organized by PICSEL, reaching the final round and securing a notable position among participants.

---

## COMMUNITY VOLUNTEER

- **Volunteered for "Fahrenheit2022" by FacelT Committee**

KDK College Of Engineering

I hereby declare that the information provided above is true and accurate to the best of my knowledge.
